BOB LINCOLN BUYS IT.

The Birth Place of Abe Lincoln
Said To Have Been Sold to
His Son.

It is reported at Hodgenville that the recent purchase of Mr. David Crear, of New York, from A. W. Linnet, of the farm on which Abraham Lincoln was born, was made in the interest of Robert T. Lincoln.

There are reports to the effect that Mr. Lincoln has the co-operation of several Northern and Eastern capitalists in his efforts to have a home for the surviving soldiers of the Civil war erected on the old Lincoln farm.

The historical old log cabin in which the President was born, and which was later taken to Nashville during the Centennial Exposition in 1897, may in the near future be brought back to the farm from New York, where it was taken at the close of the centennial.—New Haven Echo.

THE BACHELOR.

Returning home at close of day,
Who gently chides my long delay,
And by my side delights to stay?
—Nobody.

Who sets for me the easy chair,
Spreads out the paper with such
care,
And lays my slippers ready there?
—Nobody.

When plunged in deep and dire
distress,
When anxious cares my heart oppress,
Who whispers hopes of happiness?
—Nobody.

When sickness comes in sorrow's
train,
And grief distracts the fevered
brain,
Who sympathizes with my pain?
—Nobody.

Chicago Birds Win the Cocking Main.

Baltimore, April 28.—The big cocking main between birds of Chicago and Providence, R. I., which was pulled off here early to-day, resulted in favor of the Western contingent by a score of seven fights to eight. The conditions were fifteen contests at \$100 each, with \$1,000 on the main itself.

What We Do.

We don't keep goods in stock. We don't hire any clerks. We don't pay any insurance. We pay but very little rent and but a small amount of taxes. But we will buy and deliver to you any purchasable article in existence cheaper than you can get it elsewhere for the very reasons above enumerated. Of course if we carried a large stock and had heavy expenses, we would have to make big profits too. But as we buy direct from the factories and have our goods sold before we order them, we are enabled to undersell those whose expenses are necessarily great.

In undertaking this business we are confident that a great cry of "Patronize home industry" will go up from those who must of necessity sell higher.

Don't be deceived. Ours is a home industry too. We send no more money away for goods than they do, but we divide the profits with you, so it is your home industry you patronize when you patronize us. Below we give a few of our prices:

SEWING MACHINES \$7.50, \$10, \$12, \$15, \$20, \$25, \$30, \$35, \$40 and up.
ORGANS \$30, \$35, \$40 and up.
PIANOS \$175, \$200, \$225, \$250, etc.
BICYCLES—Cheap grade \$17.50, medium grade \$25.00, high grade \$40.00. We sell more than a dozen brands of bicycles.

WALL PAPER from 3c a roll up. Large sample book to select from.

CARPET AND MATTING to suit any and everybody both in material and price. All woolingrains and Brussels sets, and up.

Buggies and Carriages—a hand-some line at from \$20 up.

Guns, Cutlery, Jewelry, Baby Carriages, Furniture, Hardware, Queen's Ware, Books, Musical Instruments—Everything, at prices corresponding with the above and everything guaranteed to be as represented or money refunded.

ILLINOIS CENTRAL.

More Talk of the Proposed Road
to Nashville.

New York, April 30.—President Fish, of the Illinois Central, has finished an inspection trip over the the Peoria, Decatur and Evansville, and it is understood that the Central is now negotiating for the purchase of the Peoria, Decatur and Evansville, and will be running trains from Chicago to Evansville by Jan. 1. The plan is to reach Princeton, Ky., and build from Hopkinsville. The new line to Nashville would provide another competing north and south line and enable the Illinois Central to compete for business now monopolized by the Evansville route. With the Peoria, Decatur and Evansville, a northern outlet would be had for Evansville business.

GREEN'S TESTS SUCCESSFUL.

Telegraphed Without Wires at a
Distance of a Mile and a
Half on Water.

Chicago, April 23.—Prof. Jerome J. Green continued his experiments in wireless telegraphy to-day with uniform success. He sent signals from the life-saving station to a moving tug on the lake for a distance of a mile and a half. At every intervening point between that and the shore the dots came distinctly and regularly in response to signals whistled from the boat to his assistant at the sending station. As the crowning feat of the day, the relay on the tug gave out in succession the letters which form the name of the great discoverer, "Marconi."

Non-Treating Club.

"When you want a drink, take it, and don't imagine you will offend any one by not asking eight or ten to join you!" says the New York World.

This is the chief maxim of the "Non Treating Club," an organization which, although only six months old, possesses a membership of over sixty thousand.

The particularly brilliant feature connected with this club which first appeals to the average man is its glorious possibilities for economy. Total abstinence is not required by this convenient pledge—merely a promise "not to treat."

As the little circular accompanying the button which is the badge of membership states, "the treating habit, as every man in the world knows, is increasing rather, than decreasing, and is responsible for the making of many drunkards. 'Have one with me' is a phrase that many a man has used because of the desire not to appear small and conform to the usages of drinking men, and is frequently accepted more to avoid discussion and not to give offense than because the beverage is desired."

The custom which is being fought against is that one which entails every man of a group of eight or ten treating the others, so that the result is that each individual partakes of eight or ten drinks, which, presumably, is a larger quantity than he desires, and certainly is more than is good for him.

As nearly as the layman can get at it the object of the society is to accept a drink if it is offered, but not to feel under any obligation to pay it back. A view of the mystic button displayed at the critical moment when the drink is "on you," obviates any obligation on your part.

Naturally thousands have rushed to avail themselves of these peculiar privileges.

The society was organized in Chicago September 5, 1898, under the direction of E. T. Monett, who is the President.

The New York State Branch is in charge of J. F. Reese, No. 168 West One Hundred and Thirty-fifth street, New York. All inquiries are referred to that address.

The great English preacher, George Whitfield, was the son of an innkeeper at Gloucester.

Many old soldiers now feel the effects of the hard service they endured during the war. Mr. Geo. S. Anderson, of Rossville, York county, Penn., who saw the hardest kind of service at the front, is now frequently troubled with rheumatism. "I had a severe attack lately," he says, "and procured a bottle of Chamberlain's Pain Balm. It did so much good that I would like to know what you would charge me for one dozen bottles." Mr. Anderson wanted it both for his own use and to supply it to his friends and neighbors, as every family should have a bottle of it in their home, not only for rheumatism, but lame back, sprains, swellings, cuts, bruises and burns, for which it is unequalled. For sale by R. C. Hardwick, Druggist.

Whooping Cough.

I had a little boy who was nearly dead from an attack of whooping cough. My neighbors recommended Chamberlain's Cough Remedy. I did not think that any medicine would help him, but after giving him a few doses of that remedy I noticed an improvement, and one bottle cured him entirely. It is the best cough medicine I ever had in the house—J. L. Moore, South Burgettstown, Pa. For sale by R. C. Hardwick Druggist.

Dr. Thomas, Bishop of Worcester, was a linen-draper's son.

The most vigorous workers have spells of "tired feeling" now and then. This feeling is caused by derangement in the stomach, liver and bowels. A few doses of PRICKLY ASH BITTERS quickly corrects the disorder and sends the blood tingling through the veins, carrying life and renewed energy through the system.

Dr. Mountain, Bishop of Durham, was the son of a beggar.
